

FISCAL NOTE

HB 2205 - SB 2451

February 7, 2002

SUMMARY OF BILL: Provides that the extended contract supplements shall be paid only to classroom teachers.

ESTIMATED FISCAL IMPACT:

MINIMAL

This estimate assumes that the amount of funding appropriated by the state for extended contracts will remain the same and will not affect the amount of funds the LEAs receive. This bill would only affect the distribution of funds within the LEAs away from all school employees (teachers, supervisors and administrators) to teachers only.

Guidelines for Extended Contract (both current and planned revisions) do not exclude twelve-month employees from providing direct service (remediation or enrichment) to students. The effect of this bill will be to decrease the pool from which educators could be selected to provide direct services to students.
